Hope is peaceful, quaint, and caring.
People all around are sharing.
Friendship, hard work, and
love--we are all of the above.

Many farms along the way
Give you healthy foods every day
Pearse Farm provides us with dairy,
Hopes Edge--vegetables, and berries.

Hope is peaceful, quaint, and caring.
People all around are sharing.
Friendship, hard work, and
love--we are all of the above.

The water is a central hub,
which is better than the tub!
When its so hot that you could bake
(head) to Hobbs or Alford Lake.

Hope is peaceful, quaint, and caring.
People all around are sharing.
Friendship, hard work, and
love--we are all of the above.

Elephants make Hope unique
Rosie and Opal are gentle and sweet
The Lauritas knew what was right to do
We all helped their dreams come true

Hope is peaceful, quaint, and caring.
People all around are sharing.
Friendship, hard work, and
love--we are all of the above.

Apple orchards, Hope General Store
True Park, metal shop and much, more.
People work so hard each day
And help us all along the way.

Hope is peaceful, quaint, and caring.
People all around are sharing.
Friendship, hard work, and
love--we are all of the above.
